THE OLD "SQUARE RIG" DAY'S ARE GONE.

The old square rig days meant proper trimming of sails and the correct tack—otherwise disaster. Get rid of your "square rig" advertising —try the Directory—referred to by thousands, your ad will stay on its course.

前言

一九六五年 年沙士加泡云省 華僑指南，係第 十六 次版，其內容主體，在扼要叙述本埠工商業及社會活動情形。本社以前所出之工商錄，其中各部分，都有指導之功用，其中使顧客滿意之特點，本刊固盡量保留，並且還加以擴充及改良，以增進其價值及效用，而適應顧客之需求。

新編內容

經過審慎考慮，以求增進本刊之價值及效用後，茲特革新改善，前版祇登載華僑姓名地址及電話號數，現則復記載其職業，如係工人則記載其商號及雇主，並將華僑所經營之工商業依照下列分類編訂，咖啡店及餐館，糖果店，生果及瓜菜店，園口，洗衣館，藥劑師，其他雜行。

華僑人口

沙省 華僑人口確數有五千五百人，（但未計鄰近各埠）其姓名已詳載本刊，惟婦孺則未列入，因新由祖國來加之移民，及結婚後生育子女，各埠華僑將有日漸增加之趨勢，本埠亦不能例外。

INTRODUCTORY

The 1965 is the 16th edition of the Saskatchewan Chinese Directory. The work embodies a resume of the Commercial, industrial and social interests of the community. It is a functional directory in all its parts and includes all the essential features which have proven so satisfactory to our patrons in previous issues. The best of these have been retained and amplified and improvements have been added in order to increase the value and usefulness of the directory to meet the requirements of patrons.

ALPHABETICAL LISTING

The most notable change in the present volume is the improved method of listing. All Chinese firms are grouped according to classification and wherever possible the name or names of the owner of each business firm is supplied. The second section consists of an alphabetical listing of all Chinese citizens in the cities listed in the Saskatchewan Directory.

ACCURACY AND RESULTS

The complete organization and resources of the publishers were employed to produce the present volume. With its staff of skilled and experienced translators and compilers the publication is geared for accuracy, thoroughness and results.

ADVERTISING IN THIS DIRECTORY

An important function of this directory is to set forth the characteristics and advantages of Saskatchewan to the Chinese people, as place of residence, as a business location and as an industrial site. The directory acts as a mirror, reflecting all that is noteworthy of Saskatchewan in the above respects. In order to spread

this information, the publishers have placed copies of this directory in all major Canadian cities so they may be readily available for reference by the public. There they serve as perpetual information on the Chinese community as it really is. The publishers take this opportunity of thanking the citizens for all the valuable assistance rendered in the way of furnishing information concerning themselves, their friends and their business associates for this directory. Also the public spirited and progressive business and professional men for their support given in the way of patronage.

Respectfully,
The publishers.

REGINA

Chief Sitting Bull made the first recorded visit to the present site of Regina when he arrived here in 1881 on his way to Wood Mountain where the Sioux made their headquarters while seeking refuge in Canada after the Custer Battle on the Little Big Horn in Montana. The locality had long been known to the natives as 'Heap O' Bones,' owing to the fact that a great pile of buffalo bones garnished the low hills nearby. The first settlers called the place 'Pile O' Bones,' and this name appeared in official documents. The name, 'Wascana,' given to the creek running through the area is a corruption of the Cree word for Pile O' Bones.

It was intended to name the place Victoria, in honour of the Queen, but that name had already been bestowed on the Capital of British Columbia. The matter was referred to Princess Louise, the daughter of Queen Victoria, whose husband was then Governor General of Canada, and she selected the name 'Regina.' The city was named as the first train

arrived at nine o'clock, August 23rd, 1882. A tent settlement had sprung up in the spring of that year.

Regina was incorporated as a City in 1903, but the little community had already been the seat of Government of the North West Territories for twenty years. It became the Provincial Capital when Saskatchewan was formed in 1905.

At the time of its incorporation Regina had a population of 3,000. To-day it has a population of 120,000. While not what might be called a large city, it is the 12th largest of all Canadian Cities.

Regina is the financial centre of the Province and it holds an important place in the life of Saskatchewan by virtue of the fact that it is the Capital and by the commercial and industrial development which has taken place within it.

The Legislative Buildings are among the most stately and beautiful in Canada. They are situated on the banks of Wascana Lake and surrounded by spacious grounds which have been beautifully developed and landscaped. The building itself is regarded as an ideal structure for legislative work. It was first begun in 1908 and cost in the neighborhood of $3,000,000.00.

Regina contains churches of many denominations and is the seat of the Anglican Diocese of Qu'Appelle and of the Roman Catholic Archdiocese of Regina.

Because of its natural attractions and the improvements which its people have made to it in the course of its short history, Regina is a very popular tourist and convention centre. Hotel accommodation is suitable for small and large gatherings and many thousands annually take advantage of its splendid facilities.

CHINESE CUSTOMS

A birth of any kind is a joyful event in China, and in fact, the expression 'there is a you' or 'your lady has a joy' is the ordinary way of saying that an interesting family event is expected. In parts of China several jars of wine are put aside when a girl is born to be served to the guests at her wedding.

Children are a year old at birth. Each New Year they become a year older. They always walk behind their elders. Duty to parents is a lifetime virtue. Children are taught that rice is the staff of life: it must never be wasted. Each grain left in the bowl may be a pock mark on one's future bride.

The old custom of binding a girl's feet as a child to keep them small and dainty has disappeared and the custom of men wearing pigtails has long become a thing of the past.

Surnames precede given names. Thus, in Li Hung-chang, late premier of Chang Dynasty, Li is the surname.

A Chinese written character has the same meaning in all parts of China although its pronunciation may vary from place to place. The writing instrument is a soft, pliable brush held vertically. It was invented about the Third Century. Paper was invented in China much earlier.

Most of Chinese books are bound on the right hand side. They are read from the back forward and proceeding from top down and right to left. Some footnotes appear at the top of the page.

South is the central point of the compass, which, incidentally,

was invented in China.

The symbol 'Fu' (blessing or happiness) is commonly seen written on red paper above doorways. However, if a death has occurred in the household during the previous year, it is written on white or blue paper.

Hsi is the word for joy in Chinese. This character doubled is called 'double joy'. You will always see a big red 'double joy' character at a Chinese wedding ceremony or displayed in a bride's bedroom. The 'double joy' character symbolizes matrimonial felicity: two joys make a double joy and it takes two to make a successful and happy marriage. A husband and wife are united like the two symbols in 'double joy', never to be separated.

White, not black, is the color of mourning. Red color is a good omen.

Professional story tellers are employed to entertain guests in fashionable tea houses in China.

Soup and fish are served at the end, not the beginning of a banquet.

Wines are served warm in winter.

At dinner the host sits opposite the guest of honor, usually with his back to the door. The left side of the table is considered 'higher' than the right.

Finger games may be played for cups of wine at the beginning of a meal. Two players hold out any number of fingers simultaneously and shout out their guesses of the total number held out. The loser, not the winner, drinks the wine.

To drop chopsticks is an omen of bad luck. Finding an unmatched

A mountain dweller was making his first trip to the big city. He was particularly intrigued by the elevators. First time he saw one he watched an old lady step into it and disappear behind the sliding doors. Seconds later it returned and out came a beautiful redhead. He wished now that he had brought his wife along.

An attractive girl and a plain, middle-aged spinster were waiting for a bus.

"Have a cigarette?" asked the girl opening her case.

"What? Smoke in public?" exclaimed the woman, shocked to her depths.. "Why, I'd sooner kiss the first man who came down the street!"

"So would I," retorted the girl, "but have a cigarette while you're waiting!"

The expectant mother decided to break the news gently to her small son. "Darling," she said one day "would you like a little brother or a little sister?"

"Well," said the child, "if it wouldn't put you too much out of shape, I'd like a pony."
